

TELAIO SERIES
**ARCHITECTURAL
GRID FRAME LIGHTS**

A MODERN FRAMEWORK OF LIGHT

Introducing a new way to elevate interior T-Bar ceilings with the TELAIO SERIES Architectural Grid Frame Light, crafted to bring a modern touch to any grid ceiling.

KEY FEATURES

- One piece pre-assembled frame, ready to install
- Five selectable wattages and CCTs per SKU
- Smooth, continuous lighting distribution with reduced glare (as low as 18.7 UGR)
- Drops into standard T-grids while accommodating existing ceiling tiles
- White aluminum frame with polycarbonate lens
- Unique zero-distance back cover and frame design for enhanced dustproof protection
- Lightweight design ensures each fixture is less than 3 lbs
- Remote driver easily mounts onto T-bar grid using included clip
- 2kVA Surge Protection
- Operating temp: -40°F to 113°F (-40°C to 45°C)
- Rated lifetime L70: >100,000 hours

ILLUMINATION THAT FITS

The pre-assembled design of the TELAIO Series Grid Frame Light ensures quick and seamless integration into standard grid systems, offering an innovative solution with smooth, fully luminous light distribution. Designed to fit perfectly within T-bar ceilings while accommodating the existing acoustic tile on top, it's the ultimate blend of efficiency and sophistication.

OFFICES

Provide uniform and glare-free illumination that creates productive environments to support employee wellbeing and inspire collaboration.

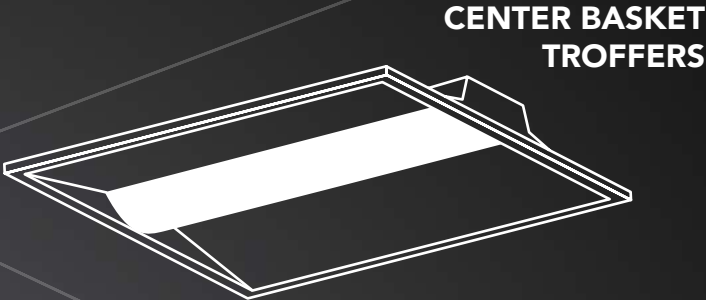

RETAIL & HOSPITALITY

Create welcoming spaces that keep guests coming back, while the pre-assembled form factor minimizes downtime during renovations or new construction.

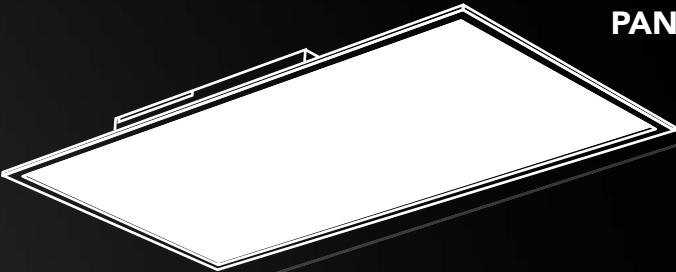

HEALTHCARE FACILITIES

Transform medical environments with a luminous surface that eliminates harsh shadows and radiates consistent light distribution, elevating both patient care and staff performance.
